Dear friend,

It makes me happy to give you this children`s mandala coloring pages eBook completely for free! I guarantee that your children, or the children you work with, will love these designs and will have a lot of fun coloring them.

I advice you to print this eBook multiple times, so that when you work with a group of children, two children can color the same mandala coloring page at the same time. Or even better: you can let them choose first and then afterwards print the mandalas; this saves paper and is better for the environment too.

It is good to print out the mandala coloring scratch pages that you find in the Top 10 Mandala Coloring Tips; children can scratch like crazy, you`ll notice! (or you can let them make there own scratch pages, even more fun!)

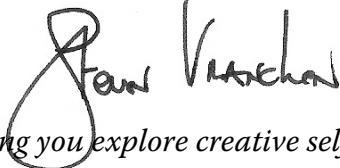

Whenever you feel the urge to color a children`s mandala, go for it. Let out the child in yourself. I wish you lots of mandala coloring fun!

Kind regards,

Steven Vrancken
